About the Clinic :

<SeaSun Clinic's Philosophy>

At SeaSun we strive to enable our customers to live long and happy life with balance of Energy, Power, and Beauty. Our core medical treatments are integrated to provide anti-aging and holistic detoxification of body based on careful analysis of each customer's unique constitution according to five elements foundation.

● Energy 氣

Energize your body by correcting distorted balance of five viscera and six entrails and providing energy.

● Power 力

Get your power back in life by detoxicating five viscera and six entrails.

● Beauty 美

Find and keep your natural beauty through non-surgical cosmetic treatments, Body shape adjustments, and obesity treatment.

Our vision is to provide holistic treatment customized to individual patient with the goal of not only curing the immediate disease or pain but also to find youth, health and beauty of the customer.
